

AS 9100

Quality management system certification for aerospace

AS/EN 9100 series of standards have been specifically developed for quality management systems within the aerospace and defence sector.

Benefits of AS/EN 9100 series certification:

- reinforces competitiveness
- helps maintain and improve market position
- increases your customers' trust in you as a safe supplier of products and services
- permits registration in the global database of certified aerospace suppliers OASIS (Online Aerospace Supplier Information System)
- provides an excellent training tool for employees and staff
- in some cases it is a mandatory requirement for suppliers in this sector for O.E.M.s and 1st line suppliers

Why choose URS?

URS is accredited by the internationally recognised United Kingdom Accreditation Service (UKAS).

The extensive range and high quality of the services provided by URS has attracted more than 40,000 contracts across 32 countries.

Certified organisations can include URS and UKAS logos in their promotional activities.

With the likes of Kumho Tyres being certified by URS, "cements" URS's reputation in aerospace certification sector.
